Electric heater HIVE

HIVE electric sauna heater is an elegant solution for bigger saunas, for example for spas and gyms. This floor-mounted heater holds up to 250 kg of stones, which ensure a long-lasting hot steam even for larger groups, without compromising on design.

HIVE Mini is a slimmer version of the HIVE heater. While HIVE is intended for larger saunas, HIVE Mini fits up to 150 kg of sauna stones and is suitable for smaller saunas.
